EXHIBIT "D"

South Santa Clara County Fire Protection District Sphere of Influence Amendment and Annexation 2014

SPHERE OF INFLUENCE DETERMINATIONS

1. Present and planned land uses in the area, including agricultural and open-space lands

Present land uses in area are low density rural residential/estates, utilities and communications, agriculture, grazing, forest lands, and open space uses. Under the existing County of Santa Clara policies, this area will remain non-urban in character and predominantly in rural residential, agricultural, and open space uses.

2. Present and probable need for public facilities and services in the area

The area is remote and is expected to remain non-urban in character under the County's Policies. Fire protection and emergency medical service needs in the area are expected to hold constant in the future.

3. The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.

According to South County Fire, the area is currently served by the district. Depending on the call type, neighboring service providers may also be dispatched. The District notes that it will serve the area using its existing facilities and excess capacity and indicates that the present capacity of public facilities and provision of service appears to be adequate.

4. Existence of any social or economic communities of interest in the area, if LAFCO determines that they are relevant to the agency.

The area is located in a remote part of unincorporated Santa Clara County and adjacent the Santa Cruz County boundary. There are no specific social or economic communities of interest in this geographic area that are relevant to the sphere of influence amendment proposal.

5. The nature, location, extent, functions and classes of service to be provided.

The District provides fire protection services, emergency medical service response, hazardous materials response, technical rescue response, arson investigations, public education, communication/dispatch, training, fire code and law enforcement, engineering services, vehicle/fleet maintenance services, and regional incident command resources.

EXECUTIVE OFFICER DETERMINATION AND ORDER NO. 2014-01

**SOUTH SANTA CLARA COUNTY FIRE PROTECTION DISTRICT
SPHERE OF INFLUENCE AMENDMENT AND ANNEXATION 2014**

**DETERMINATION OF THE EXECUTIVE OFFICER OF THE LOCAL AGENCY
FORMATION COMMISSION ORDERING THE ANNEXION OF CERTAIN PROPERTY
TO THE SOUTH SANTA CLARA COUNTY FIRE PROTECTION DISTRICT**

1. This action is taken pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act (Government Code Section 56000 et seq.) and the policies of the Local Agency Formation Commission of Santa Clara County (hereafter Commission).

2. The South Santa Clara County Fire Protection District Sphere of Influence Amendment and Annexation was initiated by District Resolution No. SCFD 2014-2.

3. On October 1, 2014, the Commission, following a noticed public hearing, adopted Resolution No. 2014-06 making determinations and approving the proposal.

4. Acting on authority delegated by the Commission, I conducted on December 4, 2014 a noticed public hearing to receive protests against the proposed annexation and, following conclusion of the hearing, have made the following determinations:

- a. No protest was submitted by registered voters residing within the proposal area.
- b. Valid protests were submitted by 2 landowners within the proposal area, which represent less than 25% of landowners owning less than 25% of the assessed land value within the proposal area.

5. Based on the determinations above and Government Code Section 57075, I find that there are insufficient protests to terminate the proceeding and hereby order the annexation without election.

This order is made on December 8, 2014.

Re: Is there an issue (or several issues) pertaining to "Double Billing" at the WPCP – CIP?

Here is a snippet of some MWH and subcontractor invoices for WPCP – CIP.

Where are Montgomery Watson (MWH) deliverables? Did their dog eat them?

Dateline: City Desk [Thursday, (12.11.14)]. *Council was warned, repeatedly to assign the Auditor to CIP!*

Enclosed is a packet of five (5) pages.

Four (4) of the pages are taken from MWH Invoices submitted as part of the San José / Santa Clara Water Pollution Control Plant (WPCP) Capital Improvement program (CIP).

At the very top of each page is the MWH Service Order Number (SO), Invoice Number and Page location.

Page (1) is an Invoice from the MI Group of MWH. There appears to be several issues of "Double-billing."

Page (2) shows a typographical error as to "Term of Contract: September 24, 1013 – September 1018."

I make "typos" all the time. No big deal, except-I am not a Principal Engineer connected with a \$2.2 Billion dollar Capital Improvement Program who signs off on worksheets. Plus, this error was repeated many times over many months. I just didn't want to waste paper to print all of them.

Page (3) shows "Task 1" and "Task 2."

Note what is "Achieved." Are the "Deliverables" just a little on the weak-side?

Page (4) is a MWH Invoice, dated 2/24/14. Note what you paid for "Task 1 and Task 2."

Don't overlook the other issues contained in this Invoice.

Page (5) is a letter I wrote on 08/14/2014 entitled, "*Montgomery Watson Invoices for WPCP-CIP should be reviewed "in real time" by Auditor.*" This was on the RULES AND OPEN GOVERNMENT AGENDA (City of San José) for August 20, 2014. This letter was also copied and delivered to Members Treatment Plant Advisory Committee (TPAC). Read it and weep.

The "Rate-payers" are ill-served by a lack of competent management and oversight by the Office of the City Auditor. There are many, many Invoices still left which will raise lots of questions.

Happy Holidays!

Re: Montgomery Watson Invoices for WPCP-CIP should be reviewed "in real time" by Auditor.

WPCP's Capital Improvement Program (CIP) has some "questionable" Invoices.

Dateline: City Desk [Thursday, (08.14.14)]. *ESD Senior Management will have to explain "Invoices."*

Here is the text of a pending "Request for Public Record Information."

"Request for PUBLIC RECORD INFORMATION: [Montgomery Watson Invoices-WPCP]

This request for Public Record information concerns itself with the San José / Santa Clara Water Pollution Control Plant (WPCP).

This request focuses on the WPCP Capital Improvement Program (CIP) and the Invoices submitted by Montgomery Watson.

I request copies of the last twelve (12) months of all invoices submitted by Montgomery Watson to the WPCP for services rendered."

The Auditor should review all Invoices submitted to the WPCP's-CIP by all contractors, "in real time," to prevent potential "gouging, expense padding and or all other inappropriate expenditures" prior to payment.

Allegations of "questionable, deplorable and laughable" Invoices from a contractor materially involved with the \$2.2 Billion Dollar WPCP-CIP have been forwarded to *City Desk* for investigation and report.

Proposal For Homeless

Draft #1 tot #1

TO Whom it may concern,
2014 DEC 17 PM 3:04

My name is Brian Pettit and I have Found an Idea or possibly an answer for the homeless situation in cities around the country.

I propose to have funds granted for the purchase of country setting, 1 to 5 acre parcels (more or less) to have a contract or build 20'x16' out buildings or dwellings (cabins) for the homeless. You could charge them \$20⁰⁰ a month rent to

give them peace of mind and sense of worth. I have included

an actual materials list cost estimation to build 1 model.

These dwellings (cabins) don't have to be built as permanent

dwellings (permanent foundations) They could be built with very

little cement. My estimation of cost for 1 model (included) is

about \$13,723⁰⁰ per unit. and as I said these cabins don't have to be permanent. They can be moved if built right and square footage can be any design. smaller dwellings or larger??

a community bathroom would save on cost to build each unit, with regular trash pick up for these homeless (disadvantaged) and many cases mentally challenged.

It would give them privacy and a clean place out of the ruin that they can call home. A sense of worth and that someone actually cared about them. Most homeless would be comforted with just an out house to use and a sink to clean themselves in.

\$20⁰⁰ a piece for rent a property manager could actually be hired and employed to manage it (the position possibly filled as a job for a qualified homeless person. I've included a small

Drawing of what the dwellings would look like. you must consider

a couple of other suggestions are on site garbage
crew (Paid) and on site ground crew (Paid) proposed as jobs
for 4 or 5 of the homeless to supplement their SSI or
other Disability claims. My father was involved in the
SELF HELP PROJECT BACK in the mid 1960's to mid 1970's the
project was to give basically homeless families a home for just
cost of materials. My father was the instructor that
was paid by state to show these families how to
build their own homes for no construction cost (did labor themselves
and cost of materials \$8000⁰⁰ to \$10000⁰⁰ for 3 and 4 bed room
homes. This proposal is for the lowest income so consider
there will be no profits.

On behalf of the Peninsula Corridor Joint Powers Board (Caltrain), I would like to announce the release of the Final Environmental Impact Report (FEIR) for the Peninsula Corridor Electrification Project, pursuant to the California Environmental Quality Act. The Notice of Availability and a CD of the FEIR is included with this letter.

The project would electrify the Peninsula Corridor from the San Francisco Caltrain Station at 4th and King to approximately 2 miles south of the Tamien Caltrain Station in San Jose, convert diesel-hauled to Electric Multiple Unit trains, and increase service up to six Caltrain trains per peak hour per direction.

The public meeting to consider certification of the FEIR and adoption of the project will be held at the Peninsula Corridor Joint Powers Board (JPB) meeting on Thursday, January 8, 2015 at 10 a.m. in the 2nd floor auditorium at Caltrain headquarters at 1250 San Carlos Avenue, San Carlos, CA.

For more information, feel free to contact Stacy Cocke by phone at 650-508-6207 or by email at electrification@caltrain.com.

Re: Montgomery-Watson Invoices for services rendered for WPCP – CIP will make you puke!

Here is a snippet of a MWH invoice for WPCP – CIP. I wish I was in the “Consulting business!”

Where are Montgomery Watson (MWH) deliverables? Did their dog eat them? Their dog must be pretty fat!

Dateline: City Desk [Tuesday, (12.16.14)]. *Council was warned, repeatedly to assign the Auditor to CIP!*

Enclosed is a packet of four (4) pages. ***Three (3) of the pages might make you vomitous. (Duty to Warn)***

Three (3) of the pages are taken from MWH Invoices submitted as part of the San José / Santa Clara Water Pollution Control Plant (WPCP) Capital Improvement program (CIP).

At the very top of each page is the MWH Service Order Number (SO), Invoice Number and Page location.

Page (1) shows a typographical error as to “Term of Contract: September 24, 1013 – September 24, 1018.”

I make “typos” all the time. No big deal, except-I am not a Principal Engineer connected with a \$2.2 Billion dollar Capital Improvement Program who signs off on worksheets. Plus, this error was repeated many times over many months. I just didn’t want to waste paper to print all of them save this packet.

Page (2) shows “Task 1” and “Task 2.”

Note what is “Achieved.” Are the “Deliverables” just a little on the weak-side?

Page (3) is a MWH Invoice, dated 1/20/14. Note what you paid for “Task 1 and Task 2.”

Don’t overlook the other issues contained in this Invoice.

Page (4) is a letter I wrote on 08/14/2014 entitled, “***Montgomery Watson Invoices for WPCP-CIP should be reviewed “in real time” by Auditor.***” This was on the RULES AND OPEN GOVERNMENT AGENDA (City of San José) for August 20, 2014. This letter was also copied and delivered to Members Treatment Plant Advisory Committee (TPAC). Read it and weep.

The “Rate-payers” are ill-served by a lack of competent management at ESD and Public Works. Continuous oversight is required by the Office of the City Auditor. There are many, many Invoices still left which will raise lots and lots of questions.

Happy Holidays!

Respectfully submitted,

David S. Wall

WPCP's Capital Improvement Program (CIP) has some "questionable" Invoices.

Here is the text of a pending "Request for Public Record Information."

"Request for PUBLIC RECORD INFORMATION: [Montgomery Watson Invoices-WPCP]

This request for Public Record information concerns itself with the San José / Santa Clara Water Pollution Control Plant (WPCP).

This request focuses on the WPCP Capital Improvement Program (CIP) and the Invoices submitted by Montgomery Watson.

I request copies of the last twelve (12) months of all invoices submitted by Montgomery Watson to the WPCP for services rendered."

The Auditor should review all Invoices submitted to the WPCP's-CIP by all contractors, "in real time," to prevent potential "gouging, expense padding and or all other inappropriate expenditures" prior to payment.

Allegations of "questionable, deplorable and laughable" Invoices from a contractor materially involved with the \$2.2 Billion Dollar WPCP-CIP have been forwarded to *City Desk* for investigation and report.

Re: Should the Santa Clara County Grand Jury take a "peek" at Montgomery-Watson Invoices?

Here is another snippet of a MWH invoice for services rendered WPCP – CIP. I can keep this up for weeks.

This request focuses on the WPCP Capital Improvement Program (CIP) and the Invoices submitted by Montgomery Watson.

I request copies of the last twelve (12) months of all invoices submitted by Montgomery Watson to the WPCP for services rendered."

The Auditor should review all Invoices submitted to the WPCP's-CIP by all contractors, "in real time," to prevent potential "gouging, expense padding and or all other inappropriate expenditures" prior to payment.

Allegations of "questionable, deplorable and laughable" Invoices from a contractor materially involved with the \$2.2 Billion Dollar WPCP-CIP have been forwarded to *City Desk* for investigation and report.

Re: "Oversight" is needed of CIP rebuild of the San José Santa Clara Water Pollution Control Plant.

MWH Invoices raise issues of "Double-billing, Questionable Deliverables & Lack of Oversight."

Several Montgomery-Watson (MWH) Invoices submitted as part of the Environmental Services Department (ESD) San José / Santa Clara Water Pollution Control Plant (WPCP) Capital Improvement Program (CIP) plant rebuild, raise serious questions as to "Double-billing, Questionable Deliverables and Lack of Oversight."

Enclosed, are three (3) Memorandums and supporting documents (herein "packets") dated [December 11, 2014; December 16, 2014; and December 19, 2014], respectfully.

The aforementioned documents are City of San José "Public Records."

The December 11, 2014 packet was distributed to the "Rules and Open Government Committee" with accompanying testimony.

All of three (3) of the aforementioned packets were presented during separate City Council meetings with accompanying testimonies.

During one of the City Council meetings the Director of Public Works refuted the "**Double-billing issue**" stating the document in controversy was "part of the contract." The document the Director of Public Works referred to is: [MWH Service Order 01 Invoice # 1651796 (page 11 of 66)]. (Reference the December 11, 2014 packet.)

The "Rate-payers" are "significantly - ill - served" by a lack of competent "Oversight."

It is my prayer, the Santa Clara County Civil Grand Jury will review the enclosed documents and take the appropriate, timely and thorough actions so as to address the merits of the issues raised and contained herein.

There are many, many Invoices still left which will raise lots and lots of questions.

Merry Christmas and Happy Holidays!

Re: Constant, Herrera, Khamis, Liccardo, Nguyen and Reed disgrace democracy with D4 appointment.

District 4 "Interim Appointment" was a "sham of a scam." No-one was fooled.

Constant, Nguyen and Reed disgrace their entire service record on the way out.

Herrera, Khamis and especially Liccardo will never be "trusted" and should never be re-elected to anything.

Dateline: City Desk [Tuesday, (12.23.14)] *The remaining scoundrels will face scrutiny for the rest of their service.*

In my twenty-five (25) years of attending Council committee meetings and city council meetings, I have never seen a blatant assault on our great democracy that was witnessed by the "sham of scams"- the District 4 Interim appointment.

YOU SHOULD ALL BE ASHAMED OF YOURSELVES!

There will be "No forgiveness" for this act of political shite!

The "PUBLIC RECORD" will document your shenanigans for future generations to judge.

Re: Mayor Reed's & Vice-Mayor Nguyen's Final Grade for TPAC performance: "F."

That's right. Both of you were abject FAILURES on the Treatment Plant Advisory Committee.

You both showed up at TPAC only to collect your stipend of \$100 / TPAC meeting but, what did you do?

Dateline: City Desk [Tuesday, (12.23.14)] *You are not even qualified to kiss my TPAC arse.*

In the afterglow of the worthless San José Mercury News heralding their opinions as to your respective service to the taxpayers of San José, I cannot in all good conscience allow both of you to slip quietly into political oblivion without justifiable chastisement for your substandard and or incompetent performance on the Treatment Plant Advisory Committee (TPAC).

Now, I'm not here to "hurt your feelings" and or to be "disrespectful" but, you need to "take-your medicine" as you come to an end of your less than lackluster service as elected people.

In my opinion, both of you, as Members TPAC (Mayor Reed as Chairman TPAC) only attended the meeting solely to collect the \$100 / TPAC meeting stipend and for assisting the McCarthy Ranch heirs to open up a long standing contract which will cost the taxpayers of Sa José and Tributary Agency ratepayers hundreds of millions of dollars via the reasons both of you have publically stated for support of the Biosolids Transition project.

One of your greatest, ongoing failures was always relying on Environmental Services Department (ESD) Senior staff. They repeatedly "sold-you both-and the taxpayers-down the river" on multiple occasions.

Here are but a few examples that serve to define your combined substandard and or incompetent stewardship of the public's trust. Zero Waste Energy Development (ZWED) has taken over as the most egregious foul odor generator in the entire South Bay. The very costly and inefficient Fuel Cell project. What a big-time loser! Letting the Water Pollution Control Plant to spiral downwards with reference to slipshod maintenance of the Engines that produce WPCP's power. The failure of both of you with reference to the "Gas-holders" at WPCP. How about your substandard and or incompetent stewardship with reference to the failed Sewer Rate Flow Study which is still in limbo? Losers.

I could go on and on recanting, truthfully as to your combined substandard and or incompetent performance on TPAC but, it is Christmas time. Screw it. I'm glad you are both gone from TPAC. Pack your shite and git.

But, before I let you off of the TPAC accountability hook I want to give you a TPAC history lesson. The longest serving (with exceptional distinction) Member of TPAC was Mr. Curtis Harrison (Cupertino Sanitary District, 52 years). Next the Honorable Robert Livengood (Mayor / Councilmember City of Milpitas, 26 years) and then *the third most senior*-Not a Member TPAC-just a citizen, is me (San José, 1992-Present). I've outlasted a plethora of elected morons and or interlopers. Personally, I'm glad to shed of both of you.

I sincerely wish you both a Merry Christmas and a Happy (Non-TPAC) New Year!
